

MDS Daffodil Show 2011
George Dörner
20753 Buffalo Run
Kildeer, IL 60047

Time Value

**Midwest Daffodil Society
and
American Daffodil Society**

A Breath of Spring

**2011
Daffodil Show**

**Chicago Botanic Garden
1000 Lake-Cook Road
Glencoe, IL**

**Saturday, April 30, 2011
12 Noon to 4:30 p.m.
and
Sunday, May 1, 2011
10 a.m. to 4:30 p.m.**

**Sponsored by:
The Midwest Daffodil Society**
Approved by The American Daffodil Society, Inc.

**Entries: Saturday, April 30, 2011
6 a.m. to 10:30 a.m.**

All growers are invited to exhibit.

Midwest Daffodil Society, Inc.

We are a group of daffodil growers who have organized to share our interest, expertise, and energies on behalf of the most prolific and beautiful flower of the spring season. Membership is open to all with an interest in growing, studying, or showing daffodils.

We meet regularly at the Chicago Botanic Garden in Glencoe and at other locations in the Chicago area. We sponsor a bulb sale in October and this show in late spring, both also at the Chicago Botanic Garden.

Membership in the Midwest Daffodil Society is \$5 per year. For details, contact a member or see our website at www.MidwestDaffodil.org.

The 2011 Midwest Daffodil Society Show

The Show is divided into a Horticultural Division and a Design Division. The Horticultural Division has many judging categories based on type, color, and number of blooms shown and on special collections or other recognized categories. Cut daffodils, container-grown daffodils, and species (or wild) daffodils may be shown. Judging is based on a standard method of assigning points for condition, form, color, pose and other characteristics. We have sections for Unnamed Daffodils to encourage broader participation. The Horticultural Division is sanctioned by the American Daffodil Society. Anyone who grows daffodils is welcome to enter.

The Design competition consists of arrangements and stagings of daffodils according to special themes established each year. Judging is on the basis of artistic design, creativity, and use of materials according to established guidelines. The Design Division is approved by Garden Clubs of Illinois.

GENERAL RULES FOR ALL EXHIBITORS

- a. Entries may be made on Saturday, April 30, from 6 A.M. to 10:30 A.M. All exhibitors must leave the show area by 10:30 A.M. when judging will begin.
- b. Each entry must be accompanied by a Show Entry Card, properly filled in. Entry cards for exhibits will be available at the show or may be obtained in advance from the show chairman through the website. Only the top half of the Show Card will be used. Each exhibitor is responsible for the accuracy of the show card data, but the Show Committee will screen the entries before judging to ensure that exhibits are entered in appropriate classes before judging begins.
- c. Any information on an entry tag, including an exhibitor's number, which could compromise the anonymity of the exhibitor must be concealed during judging.
- d. If the Show Committee discovers an error before judging is completed, affected classes will be rejudged. If an error is discovered after judging is complete, any related award will be forfeited. The decisions of the Judges and the Show Committee Chair are final.
- e. Entries, awards, and ribbons may not be removed without approval until 4:30 P.M. Sunday.

RULES FOR HORTICULTURAL EXHIBITORS

ENTRIES

1. All classes are open to anyone who grows daffodils except where specified otherwise.
2. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
3. Blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures, species, and container-grown daffodils may be grown in protected areas.
4. Entry cards, wedging material and staging tubes will be provided. No daffodil foliage is permitted in cut flower exhibits.
5. All collections of five or more stems must be exhibited with each cultivar or species in a separate container. Include a card displaying cultivar name, division, and color code in the collection.

LABELING

9. Each cultivar or species must be correctly labeled with name and division as required on the Show Card. Originator's name must appear on the label in American bred classes except seedlings shown by the originator.
10. Exhibits which are not named or are incorrectly named will not be judged except for Section U, which is for Unnamed Daffodils. Correct classification and labeling shall be the responsibility of the exhibitor.
11. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

INTERMEDIATES, MINIATURES, AND SEEDLINGS

12. An intermediate daffodil is a standard daffodil in Divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 mm and through 80 mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.
13. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar on the current ADS Approved List of Miniatures. Also, any named, numbered, or species diminutive daffodil which appears graceful, with all its parts proportionately small,

may be exhibited in miniature classes and is eligible for all ADS awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. Judges may decline to judge any exhibit containing an unapproved miniature if in their opinion it is too large.

14. Blooms of seedlings may be exhibited in all classes for named cultivars. All seedlings must be identified by a number designation assigned by the originator. If the exhibitor is not the originator, the name of the originator must be included in the identifications.

AWARDS

15. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
16. Only one first, one second, and one third award may be given in each class. Honorable Mention awards may also be given, but only if First, Second, and Third have been awarded. Awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.
17. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award assigned (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.

MISCELLANEOUS

18. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.
19. The Royal Horticultural Society System of Classification will be used. The labeling authority is the current version of *Daffseek* (Daffseek.org) or *Daffodils to Show and Grow* as amended each year in the December ADS *Daffodil Journal*.
20. In the class descriptions, the words “pink cup,” etc., define classes where that color is solid, 2W-P, or present in two adjacent zones, 2W-GPP. The words “pink in cup,” etc., are used for classes that include both solid and rimmed cups of the same color. “Colored” is any color but white. A reverse bicolor has a predominantly yellow perianth and a predominantly white cup where “predominantly” means at least two adjacent zones must be coded the designated color.

ADS Point Scale for Judging Cut Specimens			
	Cultivar	Species	Historic
Condition	20	50	40
Form	25	15	15
Substance and Texture	15	10 (substance)	5
		5 (texture)	5
Color	15	10	15
Pose	15	5	5
Stem		5	5
Size	10	0	10
Total	100	100	100

A different scale is used for judging container-grown daffodils. Consult ADS literature or request information from the Show Chair.

For miniature daffodils, both cut specimens and container-grown, the judges will substitute *Form and Grace* for *Form*.

In exhibits of 3 of a kind, the judges may deduct up to 5 points for lack of uniformity.

HORTICULTURAL DIVISION FOR DAFFODILS

See the Rules for Horticultural Exhibits for further definitions.

Section A—One stem of a standard daffodil.

Section B—Three stems of a standard cultivar or species

Section C—Divisional Collectors: Five different standard cultivars or species, one stem each.

Section D—One stem of a miniature daffodil.

Section E—Three stems of one cultivar or species miniature daffodil.

Section F—Small Growers' Section: Open to anyone growing 50 or fewer standard cultivars and/or species. All entries in Section F are single stems. Single blooms only.

Section G- Container-Grown Daffodils Entries in this section will be subdivided into classes by the judges according to the number and type of submissions. See ADS documents for further guidelines.

Class G101 A pot containing bulbs of a single named standard daffodil or seedling.

Class G102 A pot containing bulbs of a single named miniature daffodil or seedling.

Class G103 A pot containing bulbs of a single species or species hybrid daffodil.

Class G104 A pot containing a collection of bulbs of different individually identified daffodils. Not eligible for ADS ribbons.

Section H - Historic Daffodils This section is open to all cultivars introduced or in gardens before 1940, but not species. All cultivars shall be labeled with name, division number, and year of registration or introduction. No bloom in this section shall be eligible for any ADS award other than the ADS ribbon for Pre-1940 Cultivars. These sections may be subdivided into decade classes by the judges according to the number and type of submissions.

Class H101 Single stem of any standard cultivar.

Class H102 Three stems of one standard cultivar.

Class H103 Collection of five different standard cultivars.

Class H104 One stem of one ADS approved miniature cultivar

Class H105 Three stems of one ADS approved miniature cultivar.

Section I - Intermediate Daffodils These are standard daffodils having a single floret whose diameter is typically more than 50 mm through 80 mm.

Class I101 One intermediate stem, Division 1

Class I102 One intermediate stem, Division 2

Class I103 One intermediate stem, Division 3

Class I104 One intermediate stem, Division 4

Class I105 One intermediate stem, Division 11

Class I106 Three intermediate stems of one cultivar, Division 1

Class I107 Three intermediate stems of one cultivar, Division 2

Class I108 Three intermediate stems of one cultivar, Division 3

Class I109 Three intermediate stems of one cultivar, Division 4

Class I110 Three intermediate stems of one cultivar, Division 11

Class I111 Five different intermediate sized, single floreted cultivars from RHS Divisions 1, 2, 3, 4, or 11. This collection is eligible for the ADS Purple Ribbon.

Section K - Other Collections of 5 Standard Daffodils Five different cultivars or species, one stem each from any division(s), individually labeled: See Rule X

Class K101 Yellow perianth, yellow cup.

Class K102 White daffodils.

Class K103 Daffodils with orange or red in cup.

Class K104 Daffodils with pink in cup.

Class K105 Reverse bicolor. This class is eligible for the ADS Maroon Ribbon.

Class K106 White perianth, yellow cup daffodils

Class K107 White perianth, cup rimmed with yellow.

Class K108 5 cultivars bred in USA. This class is eligible for the ADS Red-White-Blue Ribbon.

Larger Collections of Standard Daffodils

Class K201 Twelve different cultivars or species, one stem each, from not less than 4 RHS divisions. *Eligible for the ADS Marie Bozievich Ribbon.*

Class K202 Twelve different cultivars, one stem each, from at least 3 RHS Divisions, 5 through 10. *Eligible for the ADS Havens Ribbon.*

Class K203 Fifteen cultivars and/or species, one stem each, from 15 different RHS color classifications. Color code is required. *Eligible for the ADS Throckmorton Ribbon.*

Class K204 Twenty-four different cultivars and/or species from at least 5 RHS divisions. This class is open only to ADS members. *Eligible for the ADS Quinn Ribbon. Exhibitors must be members in good standing of the American Daffodil Society.*

Section M Collections of Miniature Daffodils

- M101** Five different stems, from one or more divisions. *Eligible for the ADS Lavender Ribbon.*
- M102** Five different stems, each a different cultivar. (No species.) *Eligible for the ADS Lavender Ribbon.*
- M103** Five cultivars or seedlings, one stem each from any division(s) other than species. *Eligible for the ADS Lavender Ribbon.*
- M104** Five cultivars bred in the USA, one stem each. *Eligible for the ADS Miniature Red-White-Blue Ribbon.*
- M105** Nine cultivars and/or species, one stem each from at least three divisions. *Eligible for the Aqua Ribbon.*
- M106** Twelve cultivars and/or species of miniature daffodils from at least three RHS divisions. *Eligible for the ADS Watrous Ribbon. Exhibitors must be members in good standing of the American Daffodil Society.*

Section U - Unnamed Daffodils Any grower may enter this division with daffodils whose names are not known. Ribbons may be awarded for 1st, 2nd, and 3rd, and Honorable Mention. These classes may be subdivided by the judges. Not eligible for ADS awards nor other show awards.

- Class U101** Single stem of any daffodil in Divisions 1-4.
- Class U102** Single stem of any daffodil in Divisions 5-13.
- Class U101** Three stems of the same daffodil.

Section Y - Youth Division Open to exhibitors 18 years and under. Youth exhibitors may also enter other sections for which they qualify. Entries in this section will be subdivided into classes by the judges according to the number and type of submissions.

- Class Y101** Single stem, any standard cultivar, further designations to be provided by the judges.
- Class Y102** Three stems of one standard cultivar.
- Class Y103** Collection of 5 different standard cultivars.
- Class Y104** One stem, any miniature daffodil.
- Class Y105** Three stems of one miniature daffodil.
- Class Y106** Collection of 5 different miniature cultivars.

Section P - Daffodil Photography A formally judged show of photographs will not be held this year. However, all photographers are invited to bring their photographs which feature or include daffodils for a display. Recognition of merit will be made by the judges.

Information and rules for the photography section at other shows are available at www.DaffodilUSA.org.
Plan now to enter your photos at next year's show.

DESIGN DIVISION FOR DAFFODILS

1. All classes are open to any individual. Only one entry in each class may be made; however, each individual may enter as many classes as desired. Artistic designs must be made by the exhibitor. Plant material in this section need not be grown by the exhibitor.
2. All entries shall include at least one daffodil, which need not be identified. Other plant material may be permitted as indicated in classes. Accessories are permitted in all classes. No artificial plant material shall be allowed. Fresh material shall not be treated. Treatment of dried materials is allowed.
3. Properties furnished by the exhibitor should be marked with the owner's name (not in view). Neither The Midwest Daffodil Society, The American Daffodil Society, Garden Clubs of Illinois, nor the Chicago Botanic Garden will be responsible for loss or damage; however, every care will be taken.
4. No background will be used. Accessories and underlay permitted. Daffodils for arrangements will be made available by The Midwest Daffodil Society. Tables will be furnished. All other materials will be supplied by the exhibitor.
5. Plant material on the "protect and save" list of Garden Clubs of Illinois may not be used in competition.
6. A brief 3" X 5" card of intent may accompany the entry if necessary. DO NOT put name or address on the front of the card.
7. Entries shall be placed from 6:00 a.m. to 10:30 a.m. on Saturday, April 30, 2011. They must be checked by the placement committee before the exhibitor leaves the building. The exhibit shall be removed between 4:30 and 5:00 p.m. on Sunday, May 1, 2011 by the exhibitor. The societies named above shall not be responsible for any exhibits left.
8. Judging will be according to National Council of State Garden Clubs by accredited Garden Clubs of Illinois judges. The decision of the judges will be final. Authority: HANDBOOK FOR FLOWER SHOWS, 2007. Judging will begin at 10:30 a.m. on Saturday, April 30, 2011.
9. All designs, ribbons, and awards remain until 4:30 p.m. on Sunday, May 1, 2011.

Daffodils – William Wordsworth Interpret Wordsworth's line:

*Class 1: I wandered lonely as a cloud
That floats on high o'er vales and hills*
An arrangement using an accessory to simulate a hill or vale.

*Class 2: When all at once I saw a crowd
A host of golden daffodils*
A mass design using five or more daffodils.

*Class 3: Beside the lake, beneath the trees,
Fluttering and dancing in the breeze*
An arrangement featuring water.

*Class 4: For oft, when on my couch I lie
In vacant or in pensive mood
They flash upon that inward eye
Which is the bliss of solitude*
A minimalistic arrangement using not more than three daffodils. Other flowers may be used.

*Class 5: And then my heart with pleasure fills
and dances with the daffodils*
An arrangement growing from the earth using grass, moss or other greenery.

Classification of Daffodils

According to the Royal Horticultural Society

For garden purposes, daffodils are classified in 13 divisions, where the division number specifies the form and letters, the color code, specify the colors. Color codes include Green, Orange, Pink, Red, White, and Yellow. For example:

1 W-Y = a trumpet daffodil with white perianth (petals) and yellow corona (trumpet).

2 Y-YYO = a large-cupped daffodil, all yellow except for a band of orange at the rim of the corona (cup).

11b W-O/Y/W = a papillon daffodil with white perianth and longitudinal bands of orange, yellow, and white in the corona, with the orange predominant.

A daffodil which has been distinguished by a cultivar name should be assigned to Divisions 1-12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

Following is a brief description of daffodil characteristics by division. Characteristics for Divisions 5 to 10 are given for guidance only. They are not expected to be present in every cultivar of the respective division.

Division 1 – Trumpet Daffodil Cultivars

One flower to a stem; corona (trumpet) as long as or longer than the perianth segments (petals).

Division 2 – Large-cupped Daffodil Cultivars

One flower to a stem; corona (cup) more than one-third, but less than equal to the length of the perianth segments (petals).

Division 3 – Small-cupped Daffodil Cultivars

One flower to a stem; corona not more than one-third the length of the perianth segments.

Division 4 – Double Daffodil Cultivars

One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

Division 5 – Triandrus Daffodil Cultivars

Characteristics of *N. triandrus* clearly evident; usually two or more pendent flowers to a stem; perianth segments reflexed.

Division 6 – Cyclamineus Daffodil Cultivars

Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel (neck).

Division 7 – Jonquilla and Apodanthus Cultivars

One to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; flowers usually fragrant.

Division 8 – Tazetta Daffodil Cultivars

Usually three to twenty flowers to a stout stem; perianth segments spreading, not reflexed; flowers usually fragrant.

Division 9 – Poeticus Daffodil Cultivars

Usually one flower to a stem; perianth segments pure white; corona very short or disc-shaped, usually with a green or yellow center and a red rim, but sometimes of a single color; flowers usually fragrant.

Division 10 – Bulbocodium Daffodil Cultivars

Usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers attached more or less centrally to the filament; filament and style usually curved.

Division 11 – Split-corona Daffodil Cultivars

Corona split, usually for more than half its length.

a) Collar Daffodils – Corona segments opposite the perianth segments, usually in two whorls of three.

b) Papillon Daffodils – Corona segments alternate to the perianth segments, usually in a single whorl of six.

Division 12 – Other Daffodil Cultivars

Daffodil cultivars which do not fit the definition of any other division.

Division 13 – Daffodils Distinguished Solely by Botanical Name

All species and wild, or reputedly wild, variants and hybrids. Numerous sections may be defined.

AMERICAN DAFFODIL SOCIETY AWARDS

These awards may be made to entries in the Horticultural Division.

- Gold Ribbon:** Best standard daffodil excluding Sections G, H, and U.
- White Ribbon:** Best set of three stems of standard daffodils, excluding Section H.
- Rose Ribbon:** Best standard seedling exhibited by its originator.
- Purple Ribbon:** Best collection of five different standard daffodils except in Classes
- Maroon Ribbon:** Best collection of five different standard cultivars, one stem each, colored perianth, cup paler than perianth, any division or divisions (Class K105). Includes reverse bicolors.
- Red-White-Blue Ribbon:** Best collection of five different standard cultivars, one stem each, of American breeding (Class K108).
- Bozievich Ribbon:** Best collection of twelve different cultivars and/or species of standard daffodils from at least four divisions (Class K201).
- Havens Ribbon:** Best collection of 12 standard cultivars from at least three RHS divisions, from Divisions 5 through 10. (Class K202).
- Throckmorton Ribbon:** Best collection of fifteen cultivars and/or species of standard daffodils from 15 different RHS classifications (Class K203).
- Quinn Award:** Silver Medal or Ribbon for a collection of twenty-four different cultivars and/or species of standard daffodils from at least five divisions. The medal may be won only once by any exhibitor in all ADS shows where offered. A former winner may exhibit in this class but may receive only the Quinn Ribbon. Open only to ADS members. (Class K204).
- Miniature Gold Ribbon:** Best miniature, excluding Sections G, H, and U.
- Miniature White Ribbon:** Best three stems of miniature daffodils excluding Historic Section.
- Miniature Rose Ribbon:** Best miniature seedling exhibited by its originator.
- Lavender Ribbon:** Best collection of five miniatures excluding entries for the Miniature Red-White-Blue Ribbon entries. (Classes M101, M102, M103)
- Miniature Red-White-Blue Ribbon:** Best collection of five different miniature cultivars, one stem each of American breeding (Class M104).
- Aqua Ribbon:** Best collection of nine miniature cultivars and/or species, one stem each from at least three RHS divisions (Class M105)
- Roberta C. Watrous Award:** Best collection of twelve different cultivars and/or species of miniature daffodils from at least three divisions. The medal may be won only once by any exhibitor in all ADS shows where offered. A former winner may exhibit in this class but may receive only the Watrous Ribbon. Open only to ADS members. (Class M106)
- Youth Best Bloom Ribbon:** Best standard daffodil exhibited in the Youth Section.
- Youth Best of Three Ribbon:** Best three stems of the same daffodil in the Youth Section.
- Youth Best Collection of Five Ribbon:** Best collection of five daffodils in the Youth Section. (Classes Y103 and Y106)
